

We're rolling out the rest of the NSDMS come 1st July 2019

Since 1 February 2018, the National Skills Development Management System (NSDMS) has been assisting us to become more efficient and effective in supporting you, our stakeholders, to implement and facilitate access to skills development opportunities in our sectors. Thank you for all the support and feedback so far. Without you, we would not have met our milestones.

Here are some astounding statistics since we introduced the NSDMS:

More than **3 850** active users and nearly **5 700** active employers/organisations

Nearly **9 000** Grant applications have been initiated (**1 954 991 WSP and ATR entries**)

Nearly **1 600 MOAs** in the region of **R850 million** were generated electronically in 2018

Nearly **80 000 tasks** have been completed with over **500 000 emails** sent

We have not stopped working on further development. Today, we are thrilled to announce that we will be officially launching the rest of the **NSDMS** on **1st July 2019**. You will be able to:

Apply/register as a **Skills Development Provider**

Apply/register as an **Assessor/Moderator**

Manage and process learner related activities including registration, transfers, trade tests, verifications and certification etc

Apply for **workplace approval, courseware, skills programmes or skills sets**

Apply for recognition of prior learning

Manage **MOAs**

Access reports

The wait is almost over and we're really excited to launch the other NSDMS modules, but we know that with any new system, it will take time to get used to it. Do not despair! We are committed to walk with you on this journey and through our various training & development initiatives, we will be here to support you every step of the way! In the next few weeks, we will roll out our stakeholder capacity building interventions in our regions. So, look out for capacity-building dates to prepare yourself to utilise the NSDMS and its features to the max.
